

## TECHNICAL DATA SHEET

VIRA BASPAR BARTAR Company

Address: 2nd floor, No.24, 5th Razmandegan Alley, Razmandegan St., Shahrood, Iran.

Telephone: (+98)23-32228684

---

# VIRA HTM-6630

## **MULTIFUNCTIONAL CHEMICAL FOR HYDROTESTING**

---

### **PRODUCT DESCRIPTION**

VIRA HTM-6630 offers multifunctional activity include O<sub>2</sub> corrosion inhibition, biocide activity and scale inhibition in closed hydro test water systems. It is extremely effective for hydro testing systems.

### **PRODUCT APPLICATION**

VIRA HTM-6630 is an operative multifunctional inhibitor to be used in hydro testing systems. In closed systems VIRA HTM-6630 affords protection against oxygen corrosion and micro-organism fouling.

### **PHYSICAL AND CHEMICAL PROPERTIES**

Appearance	Transparent colorless to pale yellow liquid
Solubility	Water soluble
Specific gravity	0.9 to 1.15 gr/cm <sup>3</sup>
pH	≥ 8
Odor	Slight

### **DOSAGE AND FEEDING**

Injection dosage of VIRA HTM-6630 depends on the type of hydro test water to be protected and the harshness of the O<sub>2</sub> and bacteria concentration in the system. The dosage level of 400 to 1000 ppm are recommended. This is dependent upon the system to be treated. By the way consult your VIRA sales engineer for complete dosage and feeding recommendations.

### **STORAGE:**

Store VIRA HTM-6630 in a cool dry ventilation area away from direct sunlight and heat to avoid deterioration. Store away from heat and sources of ignition. Connections must be grounded to avoid electrical charges. Avoid temperatures above 80°C. The active ingredient decomposes at elevated temperatures with generation of gas which can cause pressure buildup in closed systems. Store separately from oxidizers. Store in suitable labeled containers. Incorrect storage may lead to the deterioration of the material to an impure, unsafe or explosive condition.

### **SAFETY AND HANDLING**

Do not get in eyes, on skin, on clothing. Do not take internally. Use with adequate ventilation. Avoid release of vapors or mists into workplace air. Keep the containers closed when not in use. Have emergency equipment (for fires, spills, leaks, etc.) readily available. Refer to the Material Safety Data Sheet (MSDS) for the most current data.

### **PACKING**

VIRA HTM-6630 is available in Barrels.
